About the Breakthroughs Conference

The *Breakthroughs in Twice-Exceptional Futures Conference* connects leaders across fields and industries with a shared commitment to neurodiversity. Each year, conference participants join us to learn about the latest breakthroughs in neuroinclusive, twice-exceptional futures – in education and beyond.

Presented by The Quad Preparatory School, a longtime leader and innovator in the field of neurodiverse 2e education, *Breakthroughs in Twice-Exceptional Futures* explores and celebrates the opportunities and impact twice-exceptional individuals experience in fields ranging from architecture to ecology, from technology to finance to the arts. Twice-exceptional individuals and industry and educational leaders also share innovative new approaches to neuroinclusivity in their fields.

In 2025, we are preparing to welcome over 400 participants including educators, parents, clinicians, students, members of the private sector, and industry leaders at the *Breakthroughs in Twice Exceptional Futures Conference*. This year's conference will take place on March 5th at International House, 500 Riverside Drive, New York, NY.
